## Architectural Canopy: 12" Industrial Channel Fascia

### Features & Benefits

- Can be mechanically fastened to the front of any gutter to give the canopy the popular Industrial Channel Fascia look
- Approximately 2 pounds per foot lighter than a traditional 12" structural channel often used in this application
- Adaptable to be used on any size gutter
- Fasteners attach through the double wall in the back. No visible fasteners on the exposed canopy fascia
- No welding required to attach fascia to gutter
- No seams on the front of the canopy fascia

Front Gutter Fascia removed to display interior components of canopy

# Eastern Metal Supply

## Architectural Canopy: Fascia/Gutter Extender

### Features & Benefits

- Unique design creates three-dimensional depth
- Easily increase the height of your fascia for more prominent curb appeal
- Fast and simple to assemble
- Immediate shipment from stock

**Gutter/Fascia Extender x 24'**  
56-63-041 Mill Finish

Mates with all EMS Gutter Fascias.

Attachment Detail: Fasteners attach the Extender to the top of the Gutter Fascia making it not visible to the front of the canopy (see below)

Front Gutter Fascia removed to display interior components of canopy
